

Aryan Jung Thapa

Gothatar, Kathmandu | 9767984746 | rnthapa223@gmail.com [Portfolio](#)

Professional Summary

Detail-oriented and highly motivated individual with strong expertise in frontend development, specializing in building responsive and user-friendly web applications using HTML, CSS, and JavaScript. Skilled in creating seamless user experiences and optimizing web performance to deliver high-quality software solutions.

Work Experience

Although I do not have formal work experience, I have worked on multiple projects with my team, allowing me to apply my technical skills in practical scenarios. Through these collaborations, I have gained hands-on experience in developing web applications, solving complex challenges, and optimizing performance. Working in a team environment has also strengthened my communication, problem-solving, and adaptability skills, preparing me to tackle real-world development tasks effectively.
